

July 6, 2010

Hi everyone,

Hope you're having a great summer. We are staying busy and just wanted to catch you up on all that has been happening. We have just returned from taking a team to Guatemala about a week ago. The team was from West University Baptist Church in Houston Texas. We had a great experience as we were blessed to see over 800 Mayan Indians give their lives to Jesus.

We will be returning back to Guatemala July 11-17 taking a team from Calvary Baptist from Eufaula, Alabama. Then, on to Honduras in August and to Ecuador in September and lastly to Costa Rica in October. That will be the rest of the trips for 2010. If you think your church would be interested in a 2011 trip please contact us as we have been scheduling trips for 2011 for over two months.

We had a very good fund raiser over the July 4th weekend with the mobile kitchen selling Boston Butts and Ribs. We are still a few thousand dollars away from what we need to pay for the next shipment of shoes that have already arrived. We will be picking them up when we have the money to finish paying for them. Please continue to pray about this need.

My back also continues to get stronger with less and less pain every day. Praise Him for that and thank you for your prayers during my recovery time. Lastly, please pray for Happy Feet Int. in your daily time with our Lord. Running a Christian Missions ministry comes with lots of challenges that require a lot of attention. There is a great deal of joy doing what I do, but there are always issues that Satan seems to use to stifle this wonderful work.

Love you all in Him - Tell someone about Him today!

Bill Conlee
